SIZE & CONFIGURATIONS

Ultimate Multi-Slide Doors are available up to six panel uni-directional and ten panel bi-parting, with standard openings up to fifty feet wide and twelve feet high. The doors are available with a low profile Flush Sill or Performance and High Performance Sill options that meet or exceed a LC-PG50 rating and extremely low standard U-Factor of 0.28, making the Ultimate Multi-Slide Doors performance as exceptional as the views they frame.

MARVIN BI-FOLD DOORS:

IMPOSSIBLY GREAT VIEWS MADE POSSIBLE.

The Bi-Fold Door is a simple, elegant solution for indoor/outdoor luxury living - opening wide to invite fresh air in, blurring the boundaries and creating connections with verandas, gardens or adjoining interior spaces. A single outswing access panel allows for easy handling with an elite hardware system that's designed for exterior residential and light commercial folding door applications. The unit features a mortise latch or multi-point locking system, and can incorporate ADA or floor channel sill options for seamless transitions.

SIZE & CONFIGURATIONS

With Marvin® Bi-Fold Doors, there are many ways to open up your one-of-a-kind view. Or, should you not wish to open the entire door every time you step outside, a single outswing access panel offers the perfect solution for everyday use. The flexibility of Bi-Fold Doors makes it easy to create the perfect gateway between indoors and out.

MARVIN ULTIMATE LIFT AND SLIDE DOORS:

A MILLION DOLLAR VIEW NEVER DEPRECIATES.

You don't want anything to stand between you and your view. That's why Marvin® designed the Ultimate Lift and Slide. Available with openings up to fifty feet wide and twelve feet high, with recessed or flush sills that allow for a seamless transition between exterior and interior. Marvin's industry-exclusive hardware virtually disappears, giving you an incredibly clean and unobstructed view with effortless operation. Pocket and Stacked configurations give you the flexibility to fit your unique needs and vision while complementing your Marvin windows and patio doors.

SIX STAINS TO CHOOSE FROM,
SO YOU CAN BEGIN
WITH THE IDEAL FINISH.

Marvin® factory-applied interior finishes bring out the beautiful natural grain and texture of your wood windows and doors, and save you the time, hassle and mess of staining. Each finish is applied using a proprietary multi-step staining and conditioning process that ensures your windows and doors will look their best for years to come. With six deep, rich stains plus a clear coat, windows and doors have never looked this good.

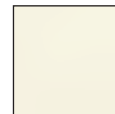

OTHER FINISH OPTIONS:

Clear Coat

Finish - White

The appearance of wood changes, often darkening, over time. Natural wood varies in color, texture and grain. Depicted wood species are for illustration purposes only. Contact your Marvin dealer for a sample in the wood species and interior finish of your choice.

STANDARD CLAD COLORS

There's nothing standard about the 19 standard exterior cladding color option finishes. Marvin's extremely durable, extruded aluminum exterior cladding meets AAMA 2605, offers superior resistance to chalking and fading and is backed by a 20-year warranty.* Marvin® uses high-quality extruded aluminum cladding as standard on all clad products.

**ANY COLOR
YOU WANT**

Depicted clad colors are for illustration purposes only. Contact your Marvin dealer for a sample in the finish of your choice. Want more color? Check out marvinwindows.com to learn more about our custom clad colors.

* Some colors may not qualify for the 20-year warranty. For details contact your local dealer. For a copy of the warranty, see MarvinWindows.com

UNPARALLELED SERVICE

All Scenic Doors are sold only by independent Marvin® dealers, and are backed by a 20/10 limited warranty you've come to expect from Marvin. To ensure quality installation, Ultimate Lift and Slide Doors require an authorized installer.
